Will the National Legislature, According to Present Plans.

## BIG BILLS OUT OF WAY, SAVE ONE.

House to Pass the Philippine Government Proposition at the End of the Present Week—Cuban Reciprocity Doomed.

Washington, June 23.—The sessions of the senate during the present week will be devoted to odds and ends of legislation. It was the purpose of the Republican steering committee to make the Cuban reciprocity bill the order of business after the disposition of the interoceanic canal bill, but the two Republican conferences have rendered it evident that there could be no reciprocity legislation this session, so the steering committee has abandoned its purpose. Some interest is manifested in the notice Senator Quay has given that he would call up his motion for the discharge of the committee on territories from further consideration of the omnibus statehood bill, in order to secure action on it during the present session, but the understanding now is that he will not press his motion and that the question will go over until the next session of congress in obedience to the wish of the Republican leaders. On Tuesday the senate will take up, in obedience to the wish of Senator Burton, the bill creating a national forest reserve in the southern Appalachian mountain range. The remainder of the week will be given over to conference reports on appropriation bills and other measures in dispute between the two houses.

Senators generally predict that the congress will disperse between the first and the fourth of July. The session probably will be extended somewhat by the necessity of concluding consideration of the Philippine government bill, as all the appropriation bills could be finally disposed of during the present week. The house, however, will not pass on the Philippine bill until the latter part of the week, and it is expected that it will be necessary to devote considerable time in conference to the differences between the senate and house.

It is possible that the Cuban committee will report the reciprocity bill before adjournment, but if it should do so there will be no effort to secure action on it in view of the well known opposition of a large part of senate.

### In the House.

Washington, June 23.—The opinion of the house leaders is that the present week will be the last full week of the present session of congress. Although no resolution for a sine die adjournment has yet been introduced, the leaders generally fix the date of final adjournment on July 3. The Philippine civil government bill will hold the boards in the house, except for such time as may be occupied in disposing of conference reports, until Thursday and possibly Friday. Members generally are using it as a vehicle for political speeches to be circulated in the coming campaign, and its passage by a solid Republican vote is assured. The remainder of the week will be taken up with conference reports on appropriation bills and other measures in dispute between the houses.

### King Edward's Health.

London, June 23.—The reappearance of brilliant sunshine after weeks of rain and murky weather gave to the first day of coronation week an air of unusual gaiety and gladdened the hearts of thousands of British subjects from all parts of the empire and the thousands of foreigners who are pouring into London, eager to witness as much of this week's events as possible. The announcement that King Edward, Queen Alexandra and the court would return to London from Windsor at noon increased the universal anticipations and served to quiet to some extent the flood of extraordinary rumors concerning the king's physical condition, varied in some quarters by weird tales of plots to assassinate his majesty and other fictions, all of which have been promptly denied by the officials most intimately connected with the king. King Edward's health was authoritatively declared to be good at Windsor castle, and his majesty attended divine service, accompanied by other members of the royal family.

Milwaukee, June 23.—Three men were drowned in Lake Michigan while fishing in a boat, which capsized. A 12-year-old boy who was also in the party was saved by clinging to the boat. The dead: W. F. C. Faibe, 45, Milwaukee; Jacob Beyer, 50, Chicago; Joseph Greely, 50, New York.

## BOER SYMPATHIZERS

Said to Have Introduced Disease Among Cattle For South Africa.

New Orleans, June 23.—It has developed about the boarding houses where the sailors and muleteers were recruited for the British during the South African war, according to a story printed here, that the diseases now raging in South Africa among the live stock there are due to inoculations made in this port by Boer sympathizers and disgruntled muleteers playing even with the British. It is said that the virus used was secured from a Philadelphia chemist and that it consisted mostly of charbon and glanders. It is also stated now that the British suspected that this deed was being constantly committed and for that reason removed their headquarters from this city to Montreal. The inoculations, it is stated, were also made in Lathrop, Mo., so that it was necessary to break up that camp as well. The British are now retaliating, so it is intimated, by refusing entrance of Louisiana cattle in South Africa.

## MISPLACED SWITCH

Wrecks a Flying Passenger Train. The Dead and Injured.

St. Paul, June 23.—A passenger train on the Sioux City branch of the Chicago, St. Paul, Minneapolis and Omaha railroad jumped the track near Ashton, Iowa. Two trainmen were killed, five others seriously hurt and a number of passengers received minor injuries. The dead: C. J. Robinson, mail clerk; Mr. Barrett, fireman. The injured: James Erskine, mail clerk, serious; F. E. Weston, mail clerk, serious; C. H. Hall, mail clerk, serious; U. S. Thompson, mail clerk, serious. The engineer of the train, name not ascertained, was badly hurt but will recover. The cause of the wreck is said to have been a misplaced switch. The train was running at a high rate of speed, and when it left the track the mail cars and smoker piled up on top of the engine. The sleeping cars also left the track but did not overturn.

## Fusion and Bryan For Governor.

Grand Island, Neb., June 23.—The Democratic and Populist state conventions will be held in this city Tuesday, and already the question of whether fusion on the state ticket would be accomplished is a topic of earnest discussion on both sides. Several party leaders hope to effect a combination of nominations and platforms that will be acceptable to the fusion forces, and argue that such an arrangement is the only one by which the election of the ticket will be possible. The question of whether William Jennings Bryan will accept the nomination for governor is one on which, perhaps, depends the possibility of a combination ticket. Little doubt is expressed that if Mr. Bryan shall permit his name to be used the rest will be easily accomplished. Former Senator William V. Allen will go to the convention with the expressed intention of securing Mr. Bryan's nomination. With Mr. Bryan eliminated from the possibilities, it is hard to predict the action of the two conventions.

## Philippine Gazetteer.

Washington, June 23.—One of the most valuable publications yet issued from the division of insular affairs of the war department is "a pronouncing gazetteer and geographical dictionary of the Philippine Islands, with maps, charts and illustrations." The first part of it is just from the press. The introductory notice recites the fact that thousands of appeals to the department for information respecting the Philippine islands indicate a widespread desire on the part of the American public for such a book as this. So all the official data within reach has been gathered together, and the result is a mass of information respecting the islands.

## Struck Oil.

Paducah, Ky., June 23.—Oil has been discovered on the farm of J. T. Ozmont, two miles east of Benton, in Ballard county. He detected the strong smell of oil in a spring, and having the liquid analyzed found it contained a great deal of oil. A stock company is being organized to at once sink a well.

## Victorious Cornell.

Poughkeepsie, N. Y., June 23.—The victorious Cornell crews and the others who were not victorious have left for their homes. The best of feeling prevailed. There was handshaking all around and somebody said for each college that it will have a crew here next year and do its utmost to wrest the honors from Cornell.

Rome, June 23.—A violent shock of earthquake, accompanied by subterranean rumblings, is reported from Cassano Al Jonio, in the department of Calabria. No damage was done.

## LICKED UP BY FLAMES.

Six Blocks of Buildings in Portland, Oregon, Now Smoking Ruins.

## LOSS SIX HUNDRED THOUSAND.

Fire Department Badly Handicapped For Want of Water—Roundhouse and Locomotives Consumed by Another Blaze.

Portland, Or., June 23.—A fire that started in the Phoenix iron works, formerly the Wolff & Zwicker plant, burned for four hours and destroyed six blocks of buildings, valued at \$600,000. The insurance amounted to \$200,000. The principal losses: East Side Lumber company, \$100,000; Phoenix iron works, \$80,000; J. H. Johnson shipyard, \$75,000; Portland City and Oregon Railroad company, \$30,000; Madison street bridge, \$25,000; city of Portland, roadways, \$20,000; Standard Oil company, \$15,000; Parlen, Orendorff & Company, \$15,000; Torpedo saloon and hotel, \$10,000; miscellaneous, \$30,000.

Ten minutes after the fire was discovered the entire plant of the Phoenix works was in flames. The fire spread south to Johnston's shipyard and north to the East Side Lumber company's mill, destroying both. Several hundred thousand feet of dry lumber in the mill yard fed the flames, which leaped 200 feet into the air. In the Johnston shipyard a schooner awaiting repair and a barge under construction were destroyed, together with a lot of valuable machinery. The fire spread next to the east, taking in the Standard Oil company's plant and the warehouse of Parlen, Orendorff & Company, implement dealers. The Standard Oil company's warehouse and two oil tanks were next destroyed.

Two spans of the Madison street bridge across the Willamette river were burned out next, and tumbled into the river. Then the warehouse and freight depot of the Portland City and Oregon street railway, adjoining the bridge on the west, were attacked and quickly destroyed. The free swimming baths moored at the bridge were in imminent danger, but were towed away in time. The fire department was badly handicapped for want of water.

## Roundhouse Consumed.

Fresno, Cal., June 23.—The roundhouse of the Southern Pacific and 12 locomotives were destroyed by fire. Estimated loss \$200,000.

## SHOT THE MARSHAL.

And the People of an Iowa Town Killed the Murderer.

Sioux City, Ia., June 23.—City Marshal Swearington of Jefferson was shot and instantly killed by S. M. Shipman, whom he sought to arrest. The latter was killed by a mob. The trouble originated when two days ago boys, on the way to a circus, passed some remark about Shipman, which caused the latter to throw stones at them. They swore out warrants for Shipman's arrest and the city marshal visited Shipman's house to serve them.

In response to his knock, Shipman fired twice, killing Swearington instantly. News of the shooting spread and an excited mob surrounded Shipman's house. Weapons of all sorts were produced and the house was literally riddled with bullets. That from the sheriff's revolver, is believed to have inflicted the fatal wound. After Shipman's death the mob dispersed. Shipman is said to be half witted.

## Captured the Town.

Panama, Colombia, June 23.—The fleet of government gunboats returned here with the news that Agua Dulce had been captured June 19. As the government forces approached Agua Dulce over 100 government soldiers, who had previously been captured by revolutionary forces under General Herrera and had been incorporated in the Liberal army, joined the government troops under command of General Bertr. Agua Dulce was captured without resistance.

## Down an Elevator Shaft.

Helena, Mont., June 23.—Alice Thompson, the 5-year-old great granddaughter of the late James G. Blaine, was fatally injured by falling down the elevator shaft of the Monticello apartment house. Her father, Randolph Thompson, was private secretary to Governor Toole, but died about a year ago.

Calais, France, June 23.—The French bark Duc D'Aumle, which sailed from London in command of Captain Boju for San Francisco, was towed into this port leading from a collision in which the vessel was considerably damaged.

## AT OLIVET.

Maysville Sunday School Workers Attend Robertson County Convention Sunday and Spend a Delightful Day.

The Robertson County Sunday School Union held its annual county convention at Mt. Olivet Sunday. Mr. John Duley, President of the Mason County Union, at the solicitation of the State association, attended as its representative and by invitation he was accompanied by Prof. E. Swift, Mr. H. C. Curran, Mr. Allan Edmonds and M. F. Marsh. The trip out was made over the Lexington, Sardis and Olivet pikes, the party returning by way of Sardis, Shannon and Murphysville. These routes traverse some of the richest and most fertile sections of Mason County. Splendid fields of wheat were seen at points along the route, notably at Shannon and near Sardis, but there are other fields that will hardly pay for the harvesting. Corn is looking unusually well, the best being seen near Sardis. Tobacco also is looking well, and with favorable conditions from now on will make a fine crop.

The good people of Sardis are certainly to be congratulated. Their little village is one of the neatest, cleanest and handsomest "country towns" in Kentucky. The elegant homes are of modern design and most all of the dwellings show up handsomely in fresh and artistic colors.

Mt. Olivet was reached at 11 o'clock, and the visitors' brief sojourn in Robertson's thrifty capital was a most delightful one indeed. The good people were lavish in their hospitality. The convention was held in the afternoon at the Christian Church. Short addresses were made by Prof. Swift, Messrs. Curran, Marsh, Duley and Prof. W. R. Chandler. The work in Robertson is thoroughly organized, the county being one of the banner ones in Kentucky last year. A collection was taken and sufficient money raised to pay the county's apportionment for the State work.

The election of officers for ensuing year resulted as follows:

President—J. H. Moore.  
Vice President—C. E. Collier.  
Secretary—Alton Wells.  
Treasurer—Miss Nellie Hardin.  
Delegate to State Convention—J. F. Scheeler.

## BISHOP IN TROUBLE.

Man Who Figured in an Episode in Maysville a Year or so Ago, in Jail at Lima, Ohio.

[Enquirer.]

The arrest of Thomas Bishop, a blind man, at Lima, Ohio, recalls to the police the episode in which the same man figured at Maysville, Ky., a year or two ago.

Bishop, who is blind, dropped into Lima and put up at one of the leading hotels. He became acquainted with a chambermaid named Kate Schuch and related to her fabulous stories about the mining interests he owned in Mexico. His stories bore the impress of truth, and the result was that Katie fell in love with him, although he was many years her senior. The marriage followed within a short time. The blissful dreams of Katie were shattered when one morning she discovered that her aged and blind husband had disappeared. She complained to the police. Bishop was found after an absence of a couple of months and arrested. He is now languishing behind the bars, and Mrs. Bishop says she will prosecute him to the full extent of the law.

Bishop has many friends living in Cincinnati, who claim that he actually owns some splendid mines in Mexico.

## ROUGHLY HANDLED

Was Joseph Dailey, an Ex-Maysvillian, at Minneapolis—Assaulted by a Mob of Negroes Last Friday.

St. Paul, Minn., June 20.—Because he declared that a negro should be lynched for his presumption in assisting a policeman to arrest two white women, Joseph Dailey, of Maysville, Ky., was set upon in Minneapolis to-day by a mob of angry negroes and brutally pummeled with fists and struck with missiles. He succeeded in slipping through the crowd and ran toward the depot, the mob following. He was again caught and probably would have been killed had not several policeman appeared, who arrested Dailey.

When arraigned on a charge of disorderly conduct, Dailey pleaded not guilty, and his case was continued. Dailey is severely injured. None of the negroes were arrested.

The colored population of Minneapolis is large and is growing at a remarkable rate.

## TALKS TO THE PUBLIC.

President Mitchell Replies to the Recent Statement of the Operators.

## DENIES LATTER'S ALLEGATIONS.

Says All Possible Means Were Resorted to to Prevent a Strike, and Appeals For Arbitration of the Dispute.

Wilkesbarre, Pa., June 23.—President John Mitchell of the United Mine Workers of America issued an address to the public. It is partly a reply to the letters of the operators declining to accede to the demands of the union, which were published about 10 days ago. Briefly summarized, the address says that every possible means was resorted to in the effort to prevent the strike; claims that the cost of living has increased to the point where the miner was compelled to ask for higher wages; denies the allegations of the operators that the productive capacity of the mine workers has fallen off, but, on the other hand, has increased; quotes official figures to substantiate the contention that the employers can pay higher wages without increasing the cost of coal to the consumer; asserts that the coal-carrying railroads, which control about 85 per cent of the mines, absorb the profits of their coal companies by charging exorbitant freight rates; claims that a ton at the mines means anywhere from 2,740 to 3,190 pounds instead of 2,240, and says that more men are killed and injured in the anthracite mines of Pennsylvania annually than were killed or wounded during the Spanish war. The address also says that in the event the union is crushed, which, it adds, is not likely, a new organization would rise from its ruins. It concludes with another appeal for arbitration of all questions in dispute.

## Voted to Return.

Charleston, W. Va., June 23.—Eighty-nine men at Winfield, one of the largest mines in the Kanawha field, held a meeting and voted on the question of returning to work. It resulted in but one negative, and Manager Cassiday expects them all in. They have been out but one week.

## CRUISER BLEW UP.

One Hundred and Fifty Chinese Officers and Men Lose Their Lives.

London, June 23.—A dispatch to the Central News from Shanghai says that the Chinese cruiser Kal-Chi was wrecked by a terrible explosion while lying in Yang-Tse river. The Kal-Chi sank in 30 seconds and 150 officers and men on board were killed or drowned. Only two men on board the cruiser escaped death.

## Burned a Cockpit.

Manilla, June 23.—Captain Frederick S. Wild of the Thirteenth Infantry has been sentenced by court-martial to be reprimanded for the burning of a native cockpit at Lingayen, province of Pangasinan, Luzon. It is presumed that the soldiers of Captain Wild's command burned this cockpit from motives of revenge for the attempted killing of two of their comrades by natives. Mr. Johnston, a civil judge, wrote that soldiers had been seen burning the cockpit, and intimated in his letter that as a result of his investigation of the matter Captain Wild could get information of the occurrence. In approving the findings of the court-martial, which sentenced Captain Wild to be reprimanded, General Chaffee says the captain violated general orders and did not show proper respect to the civil authorities.

## Major Gardener's Charges.

Manilla, June 23.—The former insurgent general, Calles, who surrendered to the American authorities in June of 1901, has notified the board which is investigating the charges of cruelty brought by Major Cornelius Gardener against American officers and soldiers in Tayabas, province of Luzon, that he is willing to testify as to the conditions which existed in Tayabas province prior to his surrender and after Major Gardener had declared the province to be pacified. General Calles says that he agrees with General Malvar, another former insurgent leader, who has already testified before the board, that Tayabas province was the best disciplined the insurgents had.

## Governor of the Transvaal.

Pretoria, June 23.—Lord Milner, who was British high commissioner in South Africa, took the oath as governor of the Transvaal here in the presence of a large assemblage of people. He was heartily cheered by those present and a salute in his honor was fired from the fort.

UNCLE SAM is paying dearly for the Philippines in more ways than one. Secretary Root has made answer to the Senate resolution calling for information as to the cost of the war to date. The cost, including outstanding obligations, is \$170,318,586. The expenditure by years is as follows: Fiscal year 1898 (two months, May and June) expended \$2,686,850. Fiscal year 1899, \$26,230,973. Fiscal year 1900, \$50,869,543. Year 1901, \$55,567,422. Year 1902 (ten months, July to April inclusive) \$34,499,022. And the end is a long way off.

## THE WAR TAX.

Stamps Will No Longer be Necessary After July 1st, on Documentary and Other Articles.

Within a few days pictures of the Maine on documentary and proprietary stamps will cease to be a source of Government revenue. On July 1st those who have been "remembering the Maine" when they made a deed or a mortgage, gave a tent show, got a license to marry or bought a sleeping car ticket, may lift up their voices and give thanks that the end has come at last.

On this date the war revenue tax will cease to be effective, and the special taxes now imposed upon bankers, brokers, proprietors of theaters, circuses, bowling alleys, billiard rooms, etc., will be fully repealed.

Stamp taxes on all papers and documents, births in sleeping cars, legacies and distributive shares of property and excise taxes on persons, firms, companies or corporations engaged in refining petroleum or sugar, will also be repealed in toto on July 1st.

The tax on beer will be reduced from \$1.60 to \$1 per barrel and the tax on snuff and tobacco from 96 cents to 6 cents per pound. The tax on cigarettes weighing more than three pounds per thousand will be reduced from \$3.60 to \$3 per thousand.

The estates of all persons dying prior to July 1, 1902, will be subject to the legacy tax, even if the distribution is not made until after that date.

James Hall and Annie McAlister, a colored couple, have been granted marriage license.

Mrs. Mary Rudy was granted a divorce at Cincinnati Saturday from Mr. Perry Rudy of this city.

Mr. William Carver of the Fifth ward has been granted an increase of pension from \$8 to \$12 a month, with \$500 arrearage.

Ten thousand dollars of the appropriation for a public building for Maysville has been made immediately available to purchase the site.

Mr. and Mrs. Chas. G. Reynolds, of near Minerva, have rented Miss Maud Beet's residence in Dover and will move there in September.

Rebecca Bratton has qualified as administratrix of James F. Bratton, with E. L. Grover surety. P. W. Suit, C. W. Fleming and J. H. Grigsby were appointed appraisers.

## D. HUNT & SON

### A NATIVE OF MASON.

Mother of Judge Pugh Was Born at Washington. This County.

[Portsmouth Blade.]

The stroke of paralysis sustained Tuesday, June 17th, by Mrs. Samuel J. Pugh, one of the best known residents of Vanceburg, and of that portion of Kentucky, ended in her death at a late hour Wednesday evening. Her death was the direct result of the stroke, which, owing to her advanced age, she was unable to withstand.

The deceased was born at Washington, Mason County, Kentucky, and had attained the ripe old age of eighty years. Mrs. Samuel J. Pugh, nee Miss Mary Jones, at an early age was united in marriage to Samuel J. Pugh, at that time one of the most prominent men at Vanceburg. Samuel J. Pugh, Sr., has been dead for several years. Samuel J. Pugh, who for three terms represented the Ninth district of Kentucky in Congress, is a son of the deceased, as are also James and K. C. Pugh, who are residents of Vanceburg, and Dr. Charles Pugh, of Winfield, Kansas. Mrs. Agnew, of Vanceburg, is a daughter. A daughter of the deceased, who is located in Kansas, arrived home just twenty minutes after her aged mother had expired. The deceased is also survived by several sisters and brothers. The deceased was a woman of many accomplishments, a noble Christian woman, whose death will be deeply mourned. Mrs. Pugh was one of the pioneer settlers of Vanceburg, and was always active in any movement that would benefit the community. The deceased was a wide reader, highly educated and cultured.

## THE BEE HIVE

Did it ever occur to you? What!

To figure on the cost of Sheets, Pillow-Cases and Bolsters, then go to the Bee Hive and price them. We think we can easily convince you that we sell them ready-made just as cheap as you could purchase the material.

Figure on the price of making a new waist or wash skirt, then come to us and see if we can't save you all the worry and trouble of making.

We know we can.

We have a SPECIAL BARGAIN in men's Half Hose. See our East Window. We expect to sell a quantity of these on SATURDAY NIGHT.

## MERZ BROS

Cincinnati and Return \$1.50.  
On Sunday, June 29th, the L. and N. railroad will run a special excursion from Maysville to Cincinnati, leaving Maysville at 6:15 a. m. Returning train leaves Cincinnati at 7:30 p. m. Rate \$1.50 round trip from all stations, Maysville to Myers, inclusive.

The Favorite Clothing Store is nearly giving away boy's and children's wear.

## The Last Day

Of our guessing contest is drawing near. July 1st marks the end of this interesting event. At the close of business on that date the large Flag will be turned over to a committee who will count the stars which cover its surface. It will probably take a day or two to make a careful count. However, on JULY FOURTH, at 10 a. m., the figures representing the number of Stars on the Flag

will be posted in our show window, together with the names of the successful prize winners.

See the big Flag on the inside of our store and try to count the stars. If you can't count 'em, GUESS 'em.

Don't forget the M. E. Sunday school picnic on the steamer Laurance Tuesday going to Hunter's Grove. All Sunday school lovers are invited. Boat leaves at 7:30 a. m.; returning will give you a nice boat ride in the evening. Fare, children 15 cents, adults 25 cents.

Dr. C. A. L. Reed, of Cincinnati, operated on a woman at Flemingsburg Sunday for appendicitis. On his return to Maysville, he was taken by Dr. Adamson to see Mr. Robert Perrine, of Tuckahoe, who has been ill six weeks with the same disease. Mr. Perrine is convalescent, however, and no operation was performed.

The real estate of the late Captain J. C. Power, at Aberdeen, was divided recently by lot among the four heirs. Mrs. Hiram T. Earnshaw, of Columbus, Ind., who is a granddaughter of Capt. Power and one of the heirs, received as her portion of the real estate a nice dwelling and lot in Aberdeen besides several other lots. The other heirs are Mrs. Mary Guthrie, of Aberdeen, Mrs. O. C. Brown, of Portsmouth, and Mrs. Wirthlin.

### AFFRAY AT RUGGLES.

The Cooper and Riley Brothers Have a Clash With Serious Results to the Rileys.

A serious affray is reported from Ruggles, Lewis County.

Jacob and Ephraim Riley got into a fight with Jeff and Hiram Cooper, knives and stones being used. Jacob Riley is now at the point of death with a crushed skull, having been hit by a stone in the hands of one of the Cooper brothers. He was operated on Saturday, and a large piece of his skull taken out.

Ephraim is also seriously hurt, but it is believed will recover. He was also struck with a stone. Hiram Cooper has two painful knife wounds in his hip, one of which went to the bone. Jeff Cooper was saved by the buckle on his suspenders from a wicked thrust of a knife in the hands of one of the Riley brothers.

Jeff Cooper is a prominent merchant and mill man and the others engaged in the unfortunate affair are farmers. The difficulty grew out of a disputed account

### C. AND O. FLYERS.

Rumored Additional Fast Trains Are to be Put On Soon That Will Be "Wind-Splitters."

It is rumored that the C. and O. will shortly put on additional fast trains between Cincinnati, Washington and New York. It is said the new trains will be regular "wind-splitters" and will be put on to compete with the "Twentieth Century Flyers" recently started over two of the other systems. The trains will be elegant throughout all their appointments, and may go on next Sunday.

Other important changes will be made, it is reported, in the schedule now being prepared.

### Fourth of July Rates Via the C. and O.

On account of the Fourth of July, the C. and O. will sell round-trip tickets at rate of one fare, Maysville to all stations, Gauley, W. Va., to Cincinnati, inclusive. From Maysville to stations east of Gauley one fare to Gauley plus one and one-third fare Gauley to destination, except no tickets will be sold to stations on the Washington division. Dates of sale July 3rd and 4th; return limit July 7th.

Excursion tickets will also be sold to certain points on the Big Four, B. and O. S. W., C. H. and D., C. I. and L., Ill. Cent., L. and N., L. S. and C. N. O. and T. P. roads at greatly reduced rates. The Louisville rate will be \$5.25.

Mrs. Mathew Haggerty, of Tuckahoe, has returned from Cincinnati, bringing with her her little daughter, Mattie Haggerty. Mattie F. has been an invalid for two years, and has been in a hospital at Cincinnati for treatment, but all efforts of the skilled physician and nurse seem to have been of no avail, as she is gradually growing weaker. If there is no change for the better soon, she cannot last much longer.

Mr. Delmore Daulton, of this city, and Miss Carrie Harrison, of the county, will be married next month.

## Anti-Fly!

Fly Killer Oil does one thing and does it perfectly. It protects stock against the horn fly, gad fly, lice, fleas, ticks, grub worm or vermin of any sort.

### Stock Protection!

No one will question the value of a preparation that will protect stock against these pests. If it does it, it is worth any reasonable cost. Fly Killer Oil positively does afford protection and its cost is so reasonable that it is expensive economy to do without it.

#### CINCINNATI TOBACCO MARKET.

#### Little Change in Prices Although Quality of Offerings Showed Some Improvement.

	Week.	1902.	1901.
Offerings, hhds.	1,121	1,233	
Total receipts	181	168	
Actual sales	950	1,125	
Total receipts	1,278	1,461	

The total offerings of 1,121 hhds. averaged \$7.49, as against \$7.61 for the 914 hhds. previous week, and \$7.05 for the 1,233 hhds. in the corresponding week last year.

With heavier offerings and a decided improvement in the quality of the tobaccos on sale, the market took on considerable snap and animation throughout the week, and, while there was little change to be noted in prices, the market continued strong and firm from the opening to the close.

The demand for the common grades and non-descript sorts still continues, under active competition between exporters and manufacturers. Bright smokers and common lugs from \$1 to

\$7.50, and heavy red trashes around \$1.50 to \$6, constituted a very large portion of the offerings. Fillery goods, red and brights, between \$8 and \$11, were in better supply than for many weeks, and all offerings brought about outside figures. Good medium leaf, especially of the old crop, was dull and easier, and might properly be characterized as the weak spot in the market.

The demand for fine to fancy tobaccos still continues strong and active, and the sales of cigarette cutters and wrappers were one of the interesting features of the week. Some excellent prices were realized on these goods, the best of the cutters bringing from \$14 to \$17.50, while the bright wrappers ranged from \$19 to \$17.75.

While there is considerable of the old crop in the hands of shippers, the offerings on the breaks continue to diminish rapidly, as it is being absorbed by private sales, and it will almost disappear from the market by July 1.

Reports from the growing districts continue favorable, though some complaint is made of the cool weather retarding the growth of the plants. Planting is about over, and from the best information obtainable, the acreage will be fully up to that of last year.

#### LITTLE JOHN ED. HEFFREN.

In the death of this darling little boy, we do truly feel that a great measure of sunshine is gone from the world; in spirit, buoyant, bright and sweet; in manners, a little magnet, drawing all to him—lent to the home six short years to bless the parents and many others. May they and all others who loved him be comforted in the happy thought that he is safe in the arms of the One who gave. Active was Johnny's little life here. We think we see you busy now gathering flowers in God's paradise. M. L. C.
